

Gorica staklo d.o.o., Sisačka 43, 10410 Velika Gorica, Hrvatska

11

EN 1279-5

Insulating glass unit, intended to be used in buildings and construction works, 4 low-e/16 argon/4/16 argon/4 low-e

Characteristics

External fire performance	npd
Burglar resistance	npd
Pendulum body impact resistance	npd
Resistance against sudden temperature changes and temperature differentials	40K
Wind, snow, permanent and imposed load resistance	3 x 4mm
Acoustic characteristics	npd
Thermal characteristics $U_g$	0,6 W(m <sup>2</sup> K)
Radiation properties – light transmission $\tau_v$ and reflection $\rho_v$	70,1% / 15,0%
Radiation properties – Total solar energy $g$	49,1%
Solar transmittance $\tau_e$ and solar reflectance $\rho_e$	40,9% / 31,9%
